

ATD SERVICES

Address the most significant and complex factors influencing student success

With our experienced coaches and undaunted Network, Achieving the Dream provides transformative, integrated, evidence-based services that encourage holistic, sustainable change through foundational capacities, intentional strategies, and student-centered partnerships.

Achieving
the **Dream** 

See how we can support your student success work with holistic, tailored services in the areas of:

- Data Empowerment
- Dual Enrollment
- Equity
- Holistic Student Supports
- Leadership
- Organizational Redesign
- Teaching & Learning

“By joining Achieving the Dream, we’re tapping into a network of innovative institutions committed to student success. Our college wants to be part of the Network known for choosing transformation over tradition, curiosity over inaction, and innovation over the status quo.”

— ATD Network College

Foundations of Transformation

Work intensively with a team of ATD coaches to build foundational capacities for student success.

Coaching

Build upon Foundations of Transformation with structured guidance, ongoing feedback, and collaborative accountability.

Assessments

Make informed decisions about opportunities for improvement with our thorough evaluations of institutional performance.

Seminars

Exchange ideas with teams from several community colleges in structured series culminating with a tailored action plan.

Workshops

Learn specific skills in hands-on, interactive training sessions that dig into foundational strategies and practices.
