

Strengthening Community Vibrancy

SEMINAR SERIES

Announcing a new professional learning journey — the Strengthening Community Vibrancy Seminar Series.

Utilizing ATD's Community Vibrancy Framework®, this seminar series **supports ATD colleges in moving transformation beyond completion to understanding students' return on education, their social mobility, and community impact.**

WHAT YOU'LL GAIN

- Insights into **untapped market opportunities** in your service area
- Strategies to improve **student return on education**
- Approaches to strengthen **workforce and transfer outcomes**
- Tools to rethink your programs and program mix for **stronger labor market alignment and post-completion outcomes**
- New thinking on **creating and sustaining boundary-spanning partnerships**
- An actionable roadmap to **drive institutional and community transformation**

WHO SHOULD ATTEND

Presidents, chancellors, and senior teams of ATD Network institutions that have demonstrated strong completion outcomes and are poised to go to the next level. These institutions are committed to the advancement of strategic enrollment management, academic pathways and credentials of value, workforce outcomes and upward mobility, and community impact.

Immerse your institution and empower your team by exploring your local community with fresh eyes, amplifying your college's mission, accelerating whole-college reform, and unlocking powerful strategies that lead to real upward mobility for students and lasting prosperity for the communities you serve.

This isn't just professional development — it's your launchpad for lasting change.

Series begins fall 2025. Space is limited!

Reserve your spot today and help shape a future where everyone can thrive. Connect and learn more by emailing atdservices@achievingthedream.org.

I am convinced that we
will all look back one day
and realize that it was this
work that energized us all to
move past the very important
goals of access and completion
... to the heart of why students
seek access and completion: to make
their lives better, to make their families'
lives better, and [to achieve] the resulting
positive impact on their communities.

— President of a
Community Vibrancy Cohort college
